Vote casted for Tamil Idol subject to the vote being submitted within the Stipulated Time ("Valid Vote")	1 (one) point per Valid Vote; subject to a maximum 50 (fifty) votes converting to 50 (fifty) points per Participant for the respective applicable Episode, across all voting windows for that Episode or activity
Wrong, unanswered or late quiz response	0 (zero) points; no negative marking
Speed or other bonus points	No additional bonus points

d) Valid points earned from the activities listed above in the Scoring Scheme shall be added directly under the Participant's registered profile in the Common Leaderboard. No weighting or further Show-level cap shall be applied when combining those points. The fifty (50)-vote limit for each Episode or separately identified voting activity shall apply before voting points are added.

e) A correct answer to any question played during the Daily Quiz earns points as per the Scoring Scheme only if submitted within the Stipulated Time and subsequently confirmed as correct. Submitting an answer to a question alone does not earn correctness points.

f) SPNI may modify the scoring scheme or add or discontinue point-earning questions and activities at its discretion. Changes shall be notified by updating these Terms and Conditions and reflected in the Contest section of the App, with their effective date, before the affected future activities begin. Validly earned points and confirmed prize entitlements shall not be retrospectively reduced or removed by a rule change; changes affecting earlier scores or confirmed entitlements shall be limited to correcting errors, addressing fraud or complying with applicable legal requirements and applied consistently to similarly affected Participants. No claims will be entertained regarding the same, subject to applicable law.

g) Participants shall earn points only for the activities and responses specified in the Scoring Scheme, subject to amendments notified in accordance with these Terms and Conditions. If a server outage affects gameplay, the Company may suspend or cancel affected questions or activities or take

reasonable remedial measures, including a uniform credit for an affected question or activity. The remedy shall be notified in the Contest section of the App and these Terms and Conditions, identifying the affected activity, Participants covered, points treatment and effect on daily and season rankings, and applied consistently to affected Participants. Such a remedy is the stated exception to the accepted-response requirement, not an additional bonus; it shall not duplicate points already credited or exceed the points available for the affected activity or the fifty (50)-vote and fifty (50)-point limit for the same Episode or voting activity.

1.2. An on-going Participant could lose the opportunity to play one or more questions, in any of the following scenarios:

A Participant may rejoin through the App's available controls and resume only questions or voting activities whose displayed windows remain open. Only the first answer received and accepted by the server within the Stipulated Time shall count; it cannot be altered, and replaying shall not earn additional points. Rejoining does not extend a response window or reset the fifty (50)-vote limit for the same Episode or activity. Participants shall follow the submission and acknowledgement instructions displayed on the App.

1.3. Valid Contest points earned by a Participant across all Shows and all days of the Contest Period will accumulate in the common season leaderboard. The daily ranking will use only valid points earned on the relevant day. For scoring, a day runs from 00:00:00 IST until immediately before 00:00:00 IST on the following day, and the Contest Period covers those full days from November 24, 2026 to December 25, 2026 inclusive, subject to a schedule amendment under these Terms and Conditions. Points are allocated to the day on which the server accepts the qualifying answer or vote, even if an Episode or voting window spans midnight. A later score correction or notified outage remedy shall be attributed to the affected day and reflected once in the daily and cumulative rankings, without double counting. Following an interruption of a Participant's session, available quiz questions and voting activities may be resumed only through the App's available controls and within their applicable windows. An interruption does not extend a window, permit alteration of an accepted answer or reset the voting limit.

1.4. Only an answer received and accepted by the server within the Stipulated Time shall constitute a valid response. Once accepted, that answer cannot be altered. Participants shall follow the submission and acknowledgement instructions displayed on the App. The continued display of a Submit button does not, by itself, establish that an answer has not been received. Any retry must be made within the Stipulated Time and shall not replace an answer already accepted. Selecting an option without submitting it shall not constitute a valid response.

1.5. Each Daily Quiz may be attempted only once. Only one accepted answer per question will count, and replaying will not earn additional points.

1.6. The Company will not entertain any claims, questions or queries regarding the authenticity or correctness of questions and answers in any round of the Contest.

6.10. A Winner shall accept or collect the applicable prize in the manner and within the timelines communicated by the Company or its authorized representatives. Failure to do so, without an extension approved by the Company, may result in forfeiture only after the relevant acceptance or collection requirements and deadline have been communicated. Forfeiture solely for non-contact or non-response shall follow at least three contact attempts and completion of the published response period. Any revised collection or handover arrangements shall be communicated to the Winner.

6.11. If the Season Prize or any other physical prize is found, before or after receipt, to have a manufacturing defect, to have been damaged in transit or to have been unfit for use before completion of handover, the Winner shall promptly notify the authorized dealer or delivery representative directly, providing available supporting details. The Company shall not be liable to entertain any claims or queries regarding the same.

6.12. Claims relating to manufacturing quality, performance, servicing, warranty or use of a physical prize shall be referred to the relevant manufacturer, authorized dealer, supplier or sponsor responsible for the matter. The Company shall not be responsible for defects, service failures, delays or disputes attributable solely to those parties, or for damage arising from the Winner's misuse, unauthorized modification or failure to follow applicable instructions, to the extent permitted by applicable law. Nothing in this Section excludes any obligation, liability, right or remedy that cannot lawfully be excluded.

6.13. The Company may refuse payment or handover, or reclaim a prize already provided, in the event of fraud, dishonesty or non-entitlement under these Terms and Conditions. Failure by a Winner to complete the prescribed verification, authentication, claim, acceptance or collection formalities within communicated timelines, without an extension approved by the Company, may result in forfeiture. Each request shall first identify the required documents or action, submission channel, deadline and contact for clarification, and any approved extension shall be confirmed through the registered communication channel. Forfeiture solely for non-contact or non-response shall occur only after at least three contact attempts, using the period, spacing and channels published in the Contest section of the App before shortlisting, and completion of the stated response period. The Company may consider the next eligible Participant in the relevant ranking, applying a consistent, fair and impartial tie-break amongst equally ranked eligible Participants where necessary, subject to applicable law.

6.14. Any exercise of the Company's discretion to add to, modify or cancel prizes or their conditions shall be subject to these Terms and Conditions and applicable law. Updates to the prize structure shall be notified through amendments to these Terms and Conditions.

If the Contest is cancelled or terminated, prizes already declared shall be paid or handed over following the applicable verification, tax, payment and handover requirements under these Terms and Conditions; future prizes shall be suspended. Cancellation or other changes shall be notified by updating these Terms

and Conditions. The recovery and disqualification provisions shall continue to apply in cases of fraud or non-entitlement.

6.16. Where point calculations are found to be incorrect, the Company shall correct them in due course, which may result in changes to Participants' points. Displayed Leaderboard data shall not be relied upon as conclusive evidence of final scores, rankings or entitlement to a prize, subject to applicable law.

6.17. In addition to the grounds specified elsewhere in these Terms and Conditions, the Company may exclude a Participant for fraud, tampering, material misrepresentation, ineligibility, failed verification or a material breach adversely affecting the Company or the Contest, subject to applicable law. Use of a profile name containing foul, abusive or offensive words may also result in disqualification; other correctable display-name issues may be corrected or addressed by using the verified name and shall not alone disqualify an otherwise eligible Participant. The Company shall record the grounds for disqualification. The Company shall not be obliged to notify every unsuccessful Participant.

F. SYSTEMS AND AVAILABILITY

7.1. The Company will not be responsible for any break or disconnection or disruption in network connectivity in any manner, irrespective of the network being used. Network issues can disrupt various aspects of the Contest such as receipt of questions and answer options, submission/recording the answer, receipt of any sound, text, image or audio files related to the question, receipt of answer chosen by the Participant, etc. The Participant is advised to remain in an area with a strong and stable/ continuous mobile network signal of the telecom operator or internet service provider to ensure smooth functioning of the Contest.

7.2. Any loss or outrage or dissatisfaction suffered by the course of playing the Contest by a Participant would not be the responsibility of the Company and/or its associates/ affiliates, and the Company or its associates/affiliates will not be responsible to make good any such loss or dissatisfaction.

7.3. An answer not received and accepted within the Stipulated Time shall not earn points, even if the option selected by the Participant is correct, except where the Company notifies an outage remedy in the Contest section of the App and these Terms and Conditions, identifying the affected activity, Participants covered, points treatment and impact on daily and season rankings. A remedial credit shall be applied consistently; shall not duplicate points already credited and shall not exceed the points available for the affected activity or the limit for the same Episode or voting activity. After reconnecting, a Participant may resume available questions or activities through the App's controls only while their displayed windows remain open. Only the first answer received and accepted by the server within the Stipulated Time shall count; replaying shall not earn additional points. Reconnection does not permit replacement of an accepted answer, extend an expired window or reset a voting limit. Company or its vendors and partners are not responsible for failures attributable solely to the Participant's network or device, subject to applicable law.

7.4. Participants shall use one device only. For each question, the first answer accepted by the server shall count, based on the server's recorded processing order. Later submissions shall neither replace that answer nor earn additional points. Any score corrections shall be reflected in the Contest leaderboard.

7.5. Prior to start of play of the Contest, the Participant must check that the Sony LIV app is operational and functioning correctly. The Participant is advised to keep adequate RAM and phone memory available to ensure smooth functioning of the Contest. Quitting other applications on the device will also help towards smoother gameplay in case of some phones.

7.6. Participant is advised to keep the device from which the Contest is played, adequately charged. Low battery will result in shut down of the network and / or device and that will result in the Participant not being in a position to play the Contest.

7.7. The server used to communicate with Participants has redundancies built into it. If an outage affects gameplay, the Company may suspend or cancel the affected questions or activities or take other reasonable remedial measures. Any scoring remedy, including a uniform credit for an affected question or activity, shall be expressly notified in the Contest section of the App and through an update to these Terms and Conditions. The notification shall identify the affected activity, the Participants covered, the points treatment and its effect on daily and season rankings. No additional bonus points shall be awarded; any remedial credit shall be limited to the points specified for that activity in the Scoring Scheme. Remedial measures shall be applied consistently to the affected Participants. A notified outage remedy is an exception to the requirement that points arise only from accepted responses or activities under the Scoring Scheme; it is not an additional bonus. Any remedial credit shall not duplicate points already credited for the affected activity or exceed the limit for the same Episode or voting activity.

7.8. Every effort will be made to coordinate the questions on Contest with the SD & HD feeds of the Show, such that the questions as they appear on the Show coincide with the questions as they appear on the App. However, since this is heavily dependent on satellites, networks, receivers, connectivity, cloud issues and various forms of latency, there could be instances of inaccurate alignment. These would be outside the control of the Company or its affiliates/associates and neither the Company nor its affiliates or associates

or any other person associated with the Show will be responsible for any consequences or liability arising therefrom, to any part whatsoever.

7.9. Participants should use device display, font and resolution settings that allow the Contest's questions, answer options and submission controls to appear correctly. If controls are not visible, Participants should adjust those settings and follow the instructions displayed on the App. The Company shall not be responsible for an inability to participate arising solely from the Participant's device settings to the extent permitted by applicable law.

7.10. The Participant acknowledges that all possible issues may not have been identified by the Company and its partners and agrees to hold harmless the Company and their shareholders, directors, officers, employees, licensees, agents, successors, assigns, affiliates and partners for the application, network, process, technical or any other failures. 7.11. No person (i.e., either the Participant, or any person on behalf of the Participant) shall initiate litigation against the Company or their shareholders, directors, officers, employees, licensees, agents, successors, assigns, affiliates and its partners in any manner without first providing the Company a complaint at livsupport@setindia.com and providing the Company an opportunity to address the complaint.

7.12. In case any unauthorized activity is observed on the Contest, that particular Participant will be disqualified to play till such time as the Company deems fit. The Company would not be responsible in any manner whatsoever on account of such disqualification.

7.13. Company shall not be liable for any failure of the application server or system in the course of playing the Contest.

7.14. The Company shall endeavor to make all reasonably practicable arrangements, it cannot guarantee or assure seamless connectivity or continuous availability of the application, server, system or software to the Participants during the conduct of the Contest as these are dependent on external utilities/ service providers and factors which could be beyond control of the Company.

7.15. Company, its authorized personnel and its sub-contractors are not responsible for delayed receipt or non-receipt or incomplete receipt or corrupt receipt of answers.

7.16. The Company accepts no liability and shall not be responsible and/or liable in any manner whatsoever in case the Participant(s) are unable to participate in the Contest due to failure on the part of the telecom operator, facility provider, etc., or due to capacity constraints.
